

FOR A NEW ELEVATOR

R. F. Coates and Wm. Chatton
are Projectors.

TO HAVE LARGE CAPACITY

Matter to be Settled at Cam-
mercial Club Meeting.

Mr. R. F. Coates of the city and Mr. William Chatton of Clifton, Kansas, are contemplating the erection of a large elevator in this city for the handling of the grain which comes to Wichita at all times of the year.

The gentlemen have decided on the site and it is in the north part of the city, convenient to all of the roads running into Wichita. At the present time the matter is before the Commercial club for consideration, the purpose being for the securing of the site and proper tracks, and in this matter the elevator people desired the assistance of the business men in the club in the matter of suggestion and influence.

The matter will be taken up at the next meeting of the club, which will be in a few days, and the arrangement will then be definitely settled. The elevator, when erected, will be one of the largest in this part of the state and will have a large storage capacity. The machinery will be entirely new and if the plans are arranged for the work of constructing the building it will be commenced within the next few weeks.

An elevator of this kind would be a fine thing for the city. It is true that Wichita has elevators at this time, but there is more grain in the immediate territory than they could possibly handle even with an increased capacity. The shipments of wheat and corn from this section of the country is large and the greater portion of it, could be handled here, would be of immense benefit to the city.

Messrs. Coates and Chatton, who are at the head of the enterprise, are well known grain men. Mr. Coates has charge of the R. F. Coates grain company of this city and Mr. Chatton is president of the Clifton Grain company of western Kansas. Both men know what they are figuring on in this matter. They realize that Wichita needs more elevators. They know that there is grain in this part of the state and that it should come to the city.

These men have been in this section of the state for a number of years and they know of the future of the city and its surrounding country.

As to the capacity of the elevator in business it is not yet known, but from the plans it will be larger than anything in this portion of Kansas. The idea has been to have it located in such a place that it would be accessible to all roads and in that matter more grain could be easily handled than by other plans.

FRANTZ IS RELEASED

Brought Here on a Counterfeiting Charge.

J. N. Frantz, who was held here on the charge of counterfeiting was released yesterday. He was taken before United States Commissioner Shearman where he was proven innocent of the charge. Being released, he took the train for his home at Canton, Kansas.

This is the man that was arrested about two weeks ago by Deputy United States Marshal Fred Trigg and brought to this city. Until yesterday he was confined in the county jail. His hearing before the commissioner was set two or three times but did not come off until yesterday. It was postponed each time in order to investigate the case more.

It was proved conclusively yesterday that he was not guilty of the charge. Testimony was introduced from Canton, showing that the man was respected and above reproach there.

There was nothing more than circumstantial evidence to begin with. A counterfeiter was arrested sometime ago at Ft. Scott and upon his person was found a letter from Frantz. The letter made inquiries as to how the counterfeiting business was manipulated.

The authorities took it for granted that Frantz was an accomplice. The man at Ft. Scott implicated Frantz in the business, so he was arrested.

The way he explained the letter matter yesterday was that he used to know the man at Ft. Scott as an honest citizen.

ATHLETE'S FAILURE.

Was Not a Success Until He Was Put on the Right Food.

Cecilius X. Hale, of 1111 Barclay St., Baltimore, Md., once had a famous run, but he had some interesting experience in regard to proper feeding. His testimony is worth the attention of any athlete, or in fact, of any person who cares for good, sturdy, powerful health.

"Up to about 18 months ago I had been in many athletic contests, without much success. I about made up my mind it was time to stop, but a physical doctor at the Y. M. C. A. of this city advised me to use Grape-Nuts food and Postum Cereal Coffee as principal factors in my diet.

"I accepted the advice and today am in possession of perfect health, and a great many medals won in different athletic events. I can now run a race and am fish in fine condition, whereas before I started on the right diet I would find myself in a faint at the end of a race.

"Formerly I had more or less nervous trouble and severe headaches. I am glad to say since using Grape-Nuts and Postum Food Coffee I have forgotten what a headache feels like. My heart is in perfect condition, whereas while I was using ordinary coffee it would not stand the heavy strain. This statement is absolutely true, and I do not object to your publishing it, for it may bring back health and strength to some poor being suffering from ill health, caused by the use of improper food."

There is reason for this: In the first place ordinary coffee will show its effects somewhere in the nervous system—first in weakening of the heart or in stomach troubles, which prevents one from obtaining the strength and value of food. It is therefore necessary to quit the use of this drug, and in its place use Postum Cereal Food Coffee and Grape-Nuts food.

They were both invented by a food expert and are made at the famous pure food factories of the Postum Cereal Co., Ltd., at Battle Creek, Mich. This food and the food drink are both made for a definite purpose, and there are thousands of users throughout the world that can testify from practical experience that the theory is borne out by the facts.

Hood's Pills

Are prepared from Nature's mild laxatives, and while gentle are reliable and efficient. They

Rouse the Liver

Cure Sick Headache, Biliousness, Sour Stomach, and Constipation. Sold everywhere, 25c. per box. Prepared by C. I. Hood & Co., Lowell, Mass.

Some time ago he received a letter from the fellow in which it was implied that the writer was counterfeiting. Frantz said he answered the letter in order to find out if that was the case. He wanted to learn if the fellow was really in that business.

A few days after the man received Frantz' letter he was arrested and it was found that Frantz was implicated. It was simply a case of a man's curiosity getting him into trouble.

Mr. Frantz has been in the hardware business at Canton, Kansas, for ten years. His arrest came as a shock to the community in which he lived. His standing in the town is excellent. He is a member of the Masonic lodge and stands well in the order.

It was an unfortunate occurrence for Mr. Frantz, yet his home people did not lose confidence in him and will rejoice that he is released.

SMITH

OF WASHINGTON HERE ON MONDAY NIGHT.

Will Speak at Auditorium at That Time.

On next Monday night, Chas. Emory Smith of Washington and J. M. Dunmore of this state will appear at the Auditorium. It will be one of the greatest Republican meetings in the history of the city and that means that it will be a meeting worth telling about for months to come. Smith has a reputation of being one of the best speakers who comes to the west this year and his audience on Monday night will not be a small one. Dunmore will speak for thirty minutes at the beginning of the meeting and then Smith will be given the balance of the time.

Smith goes over the Rock Island to Wellington Monday morning and will speak there in the afternoon and will then return here for the night meeting. The Republicans over the city and portions of the county will be present at that time and the city will have a meeting that will fill the streets with enthusiasm.

IT NOW NUMBERS 774

Old Soldiers Organization Rapidly Gaining Members.

Nearly all the old soldiers are joining the McKinley and Roosevelt club. The club was organized a few weeks ago. It was the hope then to get 750 members. The organization now numbers 774. Some time ago it was claimed that the majority of the old soldiers would support Bryan this year. That does not seem to be the facts of the case from the way they are allying themselves to the Republican forces.

At every Republican rally the old soldiers are out and occupy the front seats in the auditorium. They are always the first to cheer the speaker. When he is through with his speech they are there to speak words of praise and encouragement. No class is more enthusiastic, more unflinching in this campaign than the old soldiers.

Mr. J. N. Knapp is president of the club. To his ceaseless activity during the last three weeks is largely due the success of the organization.

FIFTH WARD ORGANIZATION

Republicans Held an Enthusiastic Meeting Last Night.

Fifth ward Republicans met last night in the Palace building and organized. Forty-five were present and became charter members. They call their organization The McKinley-Roosevelt Marching club.

The officers chosen were: J. C. Dunn, president; C. C. Wilson, secretary; T. Z. Barrett, captain and C. C. Stanley, lieutenant.

On next Monday night they will go in a body to the Republican rally. They expect to make a good showing at the meeting. They meet again on next Thursday night in another meeting of their own. They will have some good speakers for the occasion and expect to have a fine time.

WAS A BUSY WEEK

Register's Office Enjoys Prosperity of the Carnival.

For the past ten days the register of deeds has been kept more busy than during any other period of the same length of time for years.

Mr. Kerr, the register, said yesterday that street fair week was the busiest time he had had since he entered the office. The people living in the country who had instruments to file, waited to do so until they came to the fall festival.

The instruments filed are mostly warranties of deeds. For some time the average number of documents per day has been over twenty-three. This shows how rapidly property is changing hands. People who have the money are buying while property is reasonable.

Eastern parties have had property out here so long without realizing it, that they are selling their western stuff. It will not be very long until the east finds out the solid hard business now has here and then they won't be anxious to sell.

ENGAGED APOLLO CLUB

Will Open First Attraction of Lyceum Course.

The Apollo club has been engaged by Orville A. Boye, as manager of the Wichita Lyceum to open the first entertainment of the lyceum course on the 24th at the Auditorium. After the club renders a short program, Sam Jones, the well known orator, will give a lecture. The combination will undoubtedly make a very pleasant evening for the lyceum patrons.

TO MOVE NEXT WEEK

Kendrick Goes to Corner of Douglas and Lawrence.

Mr. H. C. Kendrick the druggist, is beginning to arrange his goods for the moving into another building. The change will probably be made about the first of the week and after that time the store will occupy the Carvin and Sparr corner.

As soon as the building is vacated on the corner of Topocka and Douglas it will be turned over to the carpenters to be rearranged.

IN SILVER DOLLARS

Six Thousand Shipped to Sub-Treasury at St. Louis

BY KANSAS NATIONAL BANK

Twelve Thousand Silver Dollars Remain in Vaults.

Yesterday the Kansas National bank shipped away from this city by express six thousand silver dollars. There still remains in the bank vaults 12,000 silver dollars. This number of silver dollars represent a portion of the results of the immense trade in the city during the carnival the deposits were splendid, but they do not compare with those of this week. Everything in the way of deposits seems to have been silver, and mostly in silver dollars.

In the morning an express wagon backed up to the doors of the Kansas National and the bystanders wondered what they could be sending out. In a little while a man came down the steps with a bag on his shoulder and he walked as though it was heavy. And so it was for it contained silver dollars. More bags loaded with silver dollars and people looked on in astonishment. When the express wagon drove off the pile was quite a large one.

This is the first time for some time that there has been such a surplus of silver in the banks of the city. It is evidence of the good that a carnival does for a town when the banks are giving out such reports. There is not a bank in the city which has not had increased deposits since the week of festivities.

It would be very interesting to know just what the amount of money spent in this city during the week would amount to. The five-cent piece supply became short and the fact was found that the street car company was accumulating the pieces because of the fact that their fares were that price. These were turned loose, however, and the demand supplied.

Another feature that the merchants noticed was that a majority of the persons trading here had silver. There were silver dollars and they sold them out on every occasion. One case is known of however, where a lady made a purchase and presented a fifty dollar bill for the payment of the goods. When asked if she had anything smaller in the way of bills she replied in the negative, and she had a purse well filled.

Should the increase of silver dollars continue for the next few days another large shipment will be the result. The coin is sent to the sub-treasury at St. Louis and the banks are given credit for the money at that place. Coin shipments in such sums are new from this city and if the present tide continues in banking circles, other banks will be forced to do the same as has the Kansas National.

PAY FOR HER SERVICE

Suit Brought in Probate Court Against Estate.

In the probate court yesterday Judge Haymaker heard the case of Mrs. Anna Niederlander versus the estate of Mrs. Carey Gibben, deceased. While not so important as many cases, it proved to be very complicated and interesting.

It seems that in 1897 the claimant, Mrs. Niederlander, then Miss Gibben, went to Indianola, Iowa, to live with her uncle and aunt, Mr. and Mrs. Gibben. Both of them were invalids and Miss Gibben took charge of the household. There was a verbal contract, according to testimony of claimant, that Mr. Gibben was to pay her for her services the same as anyone else would be paid. However, both Mr. and Mrs. Gibben died without remunerating their niece in any way. The action brought by her yesterday was against the estate of Mrs. Gibben to the amount of \$500 for 50 weeks of service.

A number of witnesses testified that the claimant had performed the services as she alleged; that she had done all the household work of the deceased family for over a year. But it could not be proved that there had been a contract between Mr. Niederlander and her uncle to the effect that she should receive pay for her work.

However, Judge Haymaker held, that the husband, as head of the house, was responsible to the claimant, but as the action was brought against the deceased wife's estate, the claim could not be legally allowed. So it was decided that the woman of the house was not responsible for the contract which was alleged to have been made between the claimant and her uncle. Hence, the proper course was to bring action against the man's estate.

Now it happens that Mr. Gibben left his property to the claimant's father to satisfy some other claim so there is not now any recourse to that estate. The father of the claimant says she was working for herself when in the deceased family and there was no stipulation that she should be paid out of the deceased uncle's estate.

The claims of Mrs. Niederlander were proven to the satisfaction of the court and there is no doubt but what the woman should have pay for her services.

BUYS MESSENGER SERVICE

Postal Telegraph Company Will Make Improvements.

The Postal Telegraph company of this city has purchased the property of the Wichita Messenger company and the work of re-arranging the system will soon begin. The old messenger service was operated over the city and there are at the present time a number of boxes in different business houses. It is the plan of the Postal people to put in the city 250 call boxes for the use of the business men. This work will be done under the direction of Manager Funk.

A gang of men from Kansas City will do the wiring of the city and the putting in of the boxes and this will be done within the next few weeks.

The Postal people have been contemplating improvements here for some time

DEBULL'S COUGH SYRUP
Cures a Cough or Cold at once. Coughs, Croup, Whooping Cough, Hoarseness, Sore Throat, Asthma, Hay Fever, and all other lung troubles. Mothers praise it. Doctors prescribe it. Small doses, quick, sure results.
FOR ALL LUNG TROUBLES

AT Cash Henderson's Jackets, Walking Suits and Skirts

A comfortable, stylish Jacket is the thing for these cool evenings. We have a complete line of all the new styles for fall wear.

Yesterday we received by express fifty Walking Suits and fifty Separate Skirts. These garments are all of the latest fabrics and designs.

Take the elevator for the third floor.

119-121 NORTH MAIN.

A Man From Missouri Was Shown

A gentleman living in Missouri, east of Kansas City, was riding on the cars, not far from his home, the other day, when he picked up a "Wichita Daily Eagle" of October 5, that was, no doubt, inadvertently dropped by one of our fellow citizens.

After hurriedly scanning it, his eyes lighted on our advertisement in which we told about the wonderful Oxford Gray 22-Ounce All Wool Melton Overcoats, we are selling for \$7.50.

He wanted an overcoat, and this one appeared to suit him. He cut out the ad and a day or so afterward went to Kansas City and—we have his word for it—"searched that hilly town over to find an overcoat that would compare in price, color and quality to the one in our ad," but the quest was vain. Business brought him here yesterday with the ad still in his pocket and a picture of the garment he wanted in his mind. Immediately on his arrival he asked to be directed to our store. He found it, entered, pulled the ad out of his pocket, read it to a salesman, and then he said "Show it to me." It was shown, and it proved to be even better than our ad claimed or the picture his mind had painted. He was measured, given his size, tried it on, was perfectly fitted and bought the coat without further ado. Then he told us the "how" of it. "He was from Missouri" and, of course, had to "be shown." But we "showed him" and can show you, dear reader, how easy it is to save money on clothing if you'll only come here to this good clothing store to buy it. We sell everything, except shoes, that men and boys wear, at little bits of prices.

Herman & Hess

Avoid the Rush

That is sure to come just as soon as a cold wave arrives. Give us your order now and be prepared for winter snow storms and blizzards. We handle the best grades of all kinds of Coal and deliver it to you clean and dry. We are always busy, because we never lose a customer. People know that they can depend upon Jackson's Coal for quality, full weight and lowest price. That's what causes a rush at our office when a cold snap comes. Everybody who is not supplied with Coal wants it quick and make a rush for Jackson's. Get ahead of the crowd and you'll receive prompt service, but same kind of Coal. We never slight quality and quantity.

We sell Building Materials of all kinds, except lumber, and the same rule as to quality that applies to our Coal, also applies to our BRICK, STONE, LIME, CEMENT, SEWER PIPE AND DRAIN TILE. If you need anything in this line, we are the people.
